The man explodes and turns the volume knob down almost breaking it, but trying to do it carefully.

LADY

Honey, stop!

The man reacts with a wild look at first, but then freezes for a second and acknowledges the fact that he overreacts now.

LADY

(gasps) You know, I'm actually starving.
Can we get pizza this time?

The man's eye starts filling with blood and starts getting red as a tomato.

LADY

Oh, Honey! I didn't mean it, I'm sorry!

The man flips out like a crazy person, but in a humorous and non-harmful way.
